

Students of the Month for February

Joe Arbogast-Health Science Academy-Niles

Joe is working very hard. He has a 90% average and is well prepared for class. He is courteous and goal orientated. He wishes to become a Respiratory Therapist.

Linda Reader - Instructor

Calli Hoostal-Interactive Multimedia-Home Schooled

She is a very competitive student who has something nice to say about everyone. Her selection as a student of the month is a celebration of what she has accomplished at the TCTC in a short period of time.

John Bagnola - Instructor

Lindsay Keller-AFJROTC-Bristol

She enjoys helping others to learn and encouraging them to complete their work. She called a classmate at 4:00 am so he could finish a homework assignment. She is a well rounded and complete student.

Master Sgt. Kelley Kibbey

Anthony Kish-Geometry-Bristol

Anthony demonstrates strong problem solving skills. He takes pride in his work. His homework is always done correctly and he has compiled a near perfect score on his tests and quizzes.

Junette Wise - Instructor

Sasha Monroe-Information Tech-Bloomfield

In the past month, Sasha participated in eight events at the BPA regional competition and placed in every one of them. She will represent the TCTC at State. She also serves as class treasurer.

Maureen Martin - Instructor

Kyle Schnarrs-Health Science Academy-Mathews

He is a neat young man. His attendance, work ethic and attention to detail are outstanding. He is also a very patient person who helps his classmates when they are struggling. This is not the first time that the public will read about Kyle's accomplishments. He has a bright future.

Karen DiMauro-Instructor

Mike Varner-Engineering Tech Prep- Champion

Mike has displayed tremendous growth socially and in the classroom. He has a natural talent for practical applications of the principles of electronics.

Terri Fleming - Instructor

Kaleigh Wallace-Engineering Tech Prep-Girard

She is a female in a non-traditional program that has excelled. She goes above and beyond in meeting her responsibilities in the Engineering program. She has emerged as a class leader.

Jason Rupe-Instructor
