# about the program...

## brief overview

Auto Collision is a two year ASE certified program that covers repairs to a car's outer body. This will include repairs to substructures such as the frame, steering system and vehicle alignment. The TCTC Auto Collision student may have the opportunity to explore non-repair areas such as custom painting vehicles and vehicle body "re-design". Successful graduates can enter a field which offers steady employment, good salaries and a strong sense of accomplishment.
